

BABY CHANGING STATIONS

BABY CHANGING STATIONS

PROVIDING THE HIGHEST LEVEL OF SAFETY

In all businesses that count families with babies among their visitors, there is a need for a comfortable environment where infants can be nursed safely and hygienically.

Safety, strength, quality and usability make the DAN DRYER baby changing stations a popular choice when designing user-friendly, long-life baby changing areas in public and commercial businesses.

Our baby changing stations can be found in various business sectors worldwide – airports, supermarkets, shopping malls, campsites, holiday resorts, hotels, restaurants, amusements parks, cultural centres, sport arenas and on trains operating in Europe.

We have the experience and in-depth knowledge of developing and producing sanitary equipment for commercial and public toilet facilities.

Our strength lies in unique know-how and a company protocol enabling us to respond quickly and flexibly to individual requirements and specifications.
