Application
This small toilet roll holder is ideal when you don't compromise on quality and aesthetics even in small rooms. The Stainless Design product line combines hygiene and durability with classic elegance to suit any commercial bathroom. The products are designed specifically for use in public toilets where low-maintenance is called for, and equipment must be able to withstand rough treatment.

References
Offices and administration, private homes, restaurants, sport clubs, public institutions and cultural centres.

Standard colour
Brushed stainless steel.
Also available in all RAL colours.

Installation
Wall mounting.

Function
Access to the internals of the dispenser is only possible with a special key fitting all products of the Stainless Design series.
